Pierce County Assessor-Treasurer & GIS Parcel Intelligence

Pierce County maintains a fully digitized property records infrastructure through the Assessor-Treasurer Information Portal (ATIP) and the ArcGIS Open Geospatial Portal.

1. Tax Parcel Number (APN) Anatomy

Pierce County APNs are 10-digit numbers structured by Section, Township, Range, and Quarter-Quarter:

- **Format:** SS-TT-RR-Q-QQ-N (e.g. 0320183042)
- Direct API Endpoint:

https://services2.arcgis.com/1UvBaQ5y1ubjUPmd/arcgis/rest/services/Tax_Parcels/FeatureServer/0/query

2. Key Parcel Attributes

- **Landuse_Description:** Identifies property type ('SINGLE FAMILY DWELLING', 'DUPLEX', 'VACANT LAND'). Filter out non-residential parcels.
- **Tax_Senior_Exemption:** Flags properties receiving senior/disabled tax reductions under RCW 84.36. Indicates long-term aging-in-place and high probability of equity.
- **TotalMarketValue:** Assessed baseline. In Pierce County, wholesale After-Repair-Value (ARV) typically benchmarks at **125% to 145% of total tax assessed value.**
